Even the Shantung-softened lamplight blazed too bright and did not serve her well, so she switched it off and said, "Scoot over." At first light, a nurse arrived to perform preliminary surgical prep on Barty. She pulled the boy's hair back and captured it under a tight fitting cap. With cream and a safety razor, she shaved off his eyebrows. In the bedroom once more, before poring through the contents of the nightstand drawers, the dresser drawers, and the closet, he looked in the adjacent bathroom, switched on the light because there was no window-and found Bartholomew on a wall, slashed and punctured, disfigured by hundreds of wounds. Wally parked the Buick at the curb in front of the house in which he lived, and when Celestina slid across the car seat to the passenger's door, he said, "No, wait here. I'll fetch Angel and drive the two of you home." Taking no chances, Junior swung the candlestick again, bending down as he did so. The second impact was not as solid as the first, a glancing blow, but effective. Whereas Paul had been confounded in his desire to express his admiration for Salk, he was able to speak about Perri at length and with ease. Her wit, her heart, her wisdom, her kindness, her beauty, he goodness, her courage were the threads in a narrative tapestry that Pad could have continued weaving for all the rest of his days. Since her death, he hadn't been able to talk about her with anyone he knew, because his friends tended to focus on him, on his suffering, when he wanted them only to understand Perri better, to realize what an exceptional person she had been. He wanted her to be remembered, after he was gone, wanted her grace and her fortitude to be recalled and respected. She was too fine a woman to leave without a ripple in her wake, and the thought that her memory might pass away with Paul himself was anguishing. This time, even San Francisco, under a Chinese-blue sky stippled with a cloisonne of silver-and-gold clouds, couldn't provide solace or calm Celestina's nerves. Her sister's dilemma wasn't as easily put out of mind as any problem of her own might have been-and she herself had never been in such an awful situation as Phimie was now. "Your father denies the rape ever occurred, apparently out of what I'd call a misguided willingness to trust in divine justice." "Maybe." In truth, Tom didn't believe that any of this could be learned even by one adept taking instruction from another adept. They were born with the same special perception, but with different and strictly limited abilities to interact with the multiplicity of worlds that they could detect. He wasn't able to explain even to himself how he could send a coin or other small object Elsewhere; it was something he just felt, and each time that the coin vanished, the authenticity of the feeling was proved. He suspected that when Barty walked where the rain wasn't, the boy employed no conscious techniques; he simply decided to walk in a dry world while otherwise remaining in this wet one-and then he did. Woefully incomplete wizards, sorcerers with just a trick or two each, they had no secret tome of enchantments and spells to teach to an apprentice. This morning, Damascus had left the house early, before Vanadium came downstairs, which was perfect for Junior's purposes. While the maniac cop was finishing his shave and shower, Junior crept upstairs to check his room. He discovered the revolver in the second of the three places that he expected it to be, did his work, and returned the weapon to the nightstand drawer in precisely the position that he had found it. Narrowly avoiding an encounter with Vanadium in the hall, he retreated to the ground floor. After some fussing over the most effective placement, he left the quarter and the luggage-just as Vanadium, the human stump, clumped down the stairs. Junior experienced an unexpected delay when the detective spent half an hour making phone calls from the study, but then Vanadium went into the kitchen, allowing him to slip out of the house and complete his work. As Junior was about to knock again, the door flew inward, and over Sinatra having fun with "When My Sugar Walks Down the Street," Victoria said, "You're early, I didn't hear your car--" She was speaking as she pulled the door open, and she cut herself off in midsentence When she stepped up to the threshold and saw who stood before her. The minister's threat had been forgotten, repressed. At the time, only half--heard, merely kinky background to lovemaking, these words had amused Junior, and he'd given no serious thought to their meaning, to the message of retribution contained in them. Now, in this moment of extreme danger, the inflamed boil of repressed memory burst under pressure, and Junior was shocked, stunned, to realize that the minister had put a curse on him! An authoritative note came into Parkhurst's voice, that emperor-of- tone that probably was taught in a special medical-school course on intimidation, though he was striking this attitude a little too late to be entirely effective. "My patient is in a fragile state. He mustn't be agitated, Detective. I really don't want you questioning him until tomorrow at the earliest." In fifty years, until Angel, Tom had found no other like himself and now a second in little more than a week. "I can't do what you did." He decided to use the tool just three times on each deadbolt before trying the door. The less noise the better. Maybe luck would be with him. Neddy's face didn't appear to be as pale as it had been earlier. An undertone of gray, possibly blue, darkened the skin. NED--"CALL ME NEDDY"--Gnathic was as slim as a flute, with a flute-quantity of holes in his head from which thought could escape before the pressure of it built into an unpleasant music within I his skull. His voice was always soft and harmonious, but frequently he spoke allegro, sometimes even prestissimo, and in spite of his mellow tone, Neddy at maximum tempo was as irritating to the ear as bagpipes bleating out Bolero, if such a thing were possible. She asked Edom to stay in the main house, so Barty wouldn't be alone while she visited Maria Gonzalez for an hour or two. He was pleased to oblige, settling down to watch a television documentary about volcanoes, which promised to include stories about the 1902 eruption of Mont Pelee, on Martinique, which killed 28,000 people within minutes, and other disasters of colossal proportions. "It's not scary," said Mary. "I just step into another place for a little, and then back. It's just like going from one room to the next. I can't get stuck over there or anything." She looked at Barty. "You know how it is, Dad." "Would you pretend to wake up if I tried to smother you?" asked Detective Vanadium. "I can do this with just a very little Novocain," she said, "so your mouth won't be numb for dinner." mother's understanding of the world and of her own existence. Unlike most other toddlers, Barty was entirely comfortable with change. From bottle to drinking glass, from crib to open bed, from favorite foods to untried flavors, he delighted in the new. Although Agnes usually remained near at hand, Barty was as pleased to be put temporarily in the care of Maria Gonzalez as in the care of Edom, and he smiled as brightly for his dour uncle Jacob as for anyone. Maybe the bright side was that the musician hadn't either wet his pants or taken a dump while in his death throes. Sometimes, during a comparatively slow death like strangulation, the victim lost control of all bodily functions. He'd read it in a novel, something from the Book-of-the-Month Club and therefore both life-enriching and reliable. Probably not Eudora Welty. Maybe Norman Mailer. Anyway, the men's room didn't smell as fresh as a flower shop, but it didn't reek, either. The

driver shook his head. "I knew everything anyone would need to know about you when I heard you ask your kid what would happen if the stupid boogeyman showed up in her dream." On he went, up he went, trunk to limb, limb to branch, branch to limb, to limb, to trunk. Hand over hand up the vertical parts, gripping with his knees, then standing and walking like a tightrope artist along limbs horizontal to the ground, swinging over empty air and stepping from one woody walkway to another, ever upward toward the highest bower, dwindling as though he were growing younger during the ascent, becoming a smaller and smaller boy. Forty feet, fifty feet, already far higher than the house, striving toward the green citadel at the summit. He didn't rely, either, on a sixth sense to detect obstacles or open spaces, which some blind people claimed to have. Sometimes instinct told him that in his path was an object that ordinarily would not have been there; but as often as not, it went undetected, and unless he was using his cane, he tripped over it. The sixth sense was greatly overrated. He hadn't paid close attention to those patrons seated at the bar behind him. Now, he turned in his chair to study them. Junior was not immune to traditional logic, but in this case he recognized the superior wisdom of Zedd's philosophy. His dread of Bartholomew and his gut-level animosity toward a child he'd never met defied all reason and exceeded simple paranoia; therefore, it must be purest, infallible animal instinct. "Now this. But even if your dad had cooperated with me, nothing would have changed. Since Phimie never revealed his name, I wouldn't have been able to go after Cain any differently or more effectively." Angel didn't join the grieving women, but sat on the floor in front of the television, switching back and forth between Gunsmoke and The Monkees. Too young to be genuinely involved in either show, nevertheless she occasionally made gunfire sounds when Marshal Dillon went into battle or invented her own lyrics to sing along with the Monkees. She didn't have experience with guns, but having seen him trying to press cartridges into the magazine, she knew how to load. She inserted one round. Then a second. Enough. Onto its roof now, the Pontiac spun as it slid, grinding loudly against the blacktop, and regardless of how determinedly Agnes held on, she was being pulled out of her seat, toward the inverted ceiling and also backward. Her forehead knocked hard into the thin overhead padding, and her back wrenched against the headrest. "That's not what they say," the boy replied with a giggle, for his extensive reading had introduced him to words that he and she agreed were not his to use. This colored person's grave, however, was uphill of Naomi's. Over time, as the body decomposed up there, its juices would mix with the soil. When rain saturated the ground, subsurface drainage would carry those juices steadily downslope, until they seeped into Naomi's grave 'let mingled with her remains. This seemed highly inappropriate to Junior. One worrisome problem: Neddy might be found in the container before it had been hauled away, instead of at the landfill that preferably would serve as his next-to-last resting place. If his body was discovered here, it must be at a distance from any trash bin used by the gallery. The less likely the cops were to connect Neddy to Greenbaum's art-sausage factory, the less likely they also were to connect the murder to Junior. Leaving three of the pats in the container, he carefully placed the fourth on the vinyl-tile floor. They introduced themselves as Knacker, Hisscus, and Nork, but Junior didn't bother to associate names with faces, partly because the men were so alike in appearance and manner that their own mothers might have had difficulty figuring out which of them to blame for never calling. Besides, he was still tired from his recent ramble through the hospital and unnerved by the thought of some baleful-eyed Bartholomew prowling the world in search of him. He rode up to the third of five floors in the service elevator, which other tenants were permitted to use only when moving in or moving out, or when taking delivery of large items of furniture. Another elevator, at the front of the building, was too public to suit his purposes. Celestina stared at the small, brown face, opening herself to the anger and hatred with which she had regarded this child in the operating room. The masterpiece that Junior purchased was small, a sixteen-inch-square canvas, but it cost twenty-seven hundred dollars. The entire picture-titled *The Cancer Lurks Unseen, Version 1*-was flat black, except for a small gnarled mass, bile-green and pus-yellow, in the upper-right quadrant. Worth every penny. "He's not a real contemporary person, not anyone Cain needs to fear. So how did he develop this obsession with finding someone named Bartholomew?" He met Celestina's eyes, as if she might have answers for him. "Is there a real Bartholomew? And how does this tie in with his assault on you? Or is there any tie-in at all?" Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew." Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on. Hesitantly, the ivory tickler shook hands. "I'm ... uh ... I'm Ned Gnathic. Everyone calls me Neddy." He had visited the library primarily to confirm that Harrison White was unquestionably dead. He'd shot the man four times. Two bullets 'in the gas tank of the stolen Pontiac destroyed the parsonage and should have incinerated the reverend. When you were dealing with black magic, however, you could never be too cautious. "Chateau Le Bucks, 1886. We can have a bottle of that or you could buy a new car, and personally I believe thirst comes before transportation." She loosened her hair and brushed it out, and Nolly took her to dinner at their favorite place, which had the decor of a classy saloon and a bay view suitable for God's table. They came here often enough that the maitre d' greeted them by name, as did their waiter. .guarantee against self-incrimination, a slap in the face of justice, a violation of the rights of man. Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke. A sense of mystery overcame Agnes, unnerving but not entirely or even primarily unpleasant. Indeed, as Celestina and the kid reached the foot of the steps to this second house, Bartholomew pointed, and the woman turned to look back. She appeared to stare straight at the Mercedes, though the fog made it impossible for Junior to be sure. From a cutlery drawer, Tom withdrew a knife. The largest and sharpest blade in the small collection. "Oh, it certainly is! It certainly is enough! But ... I don't regret much, you know. But I do regret not being here to see why you and Angel have been brought together. I know it'll be something lovely, Barty. Something so fine." With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him. "Better hurry," Wally advised, gracing Celestina's other cheek with a dryer kiss. At the elevators, the orderly suggested that Edom and Jacob take a second cab and meet them on the surgical floor. In that slow, flat delivery with which Junior was becoming increasingly impatient, Detective Vanadium said, "We all were, Doctor. It was another election year, remember? More than once during that campaign, I could've chugged ipecac. What else would work if I wanted to have a good vomit?" same, Agnes admonished. "Who's been raising you, sugarpie, if you don't know that? Are you going to pretend you've been brought up by wolves for nine years?" Even at this post midnight hour, the lounge would sometimes be as crowded with worried loved ones as at any other time of the day. This morning, however, the only life under the threat of the scythe appeared to be Wally's; the sole vigil being kept was for him. Through her efforts, the Bright Beach Public Library sponsored an ambitious oral-history project financed by two private foundations and by an annual strawberry

festival. Local retirees were enlisted to record the stories of their lives, so that their experiences, insights, and knowledge wouldn't be lost to generations yet unborn..He had been surprised to learn her age. She didn't appear to be that old. Thirty or not, Victoria was unusually attractive..No inquiring voice echoed off the passage walls, no accusatory shout. He was alone with the cadaver in this mist-shrouded moment of the metropolitan night-but perhaps not for long.. "All under here's worked out long since" Licky said. And Otter had begun to be aware of the strange country under his feet: empty shafts and rooms of dark air in the dark earth, a vertical labyrinth, the deepest pits filled with unmoving water. "Never was much silver, and the watermetal's long gone. Listen, young'un, do you even know what cinnabar is?".Already another contraction racked her, so intense that the pain was not limited to her lower back and abdomen, but seared the length of her spine, like an electric current leaping vertebra to vertebra. Her breath pinched in her chest as though her lungs had collapsed..Junior stood at the window for a long time, not because he was pretending to rest, and not because any of the attending nurses was a looker. He was transfixed, and for awhile he didn't know why..No one seemed to realize that predicting the future might not be a suitable entertainment in this house, at this time, considering that Agnes had so recently and horribly been blindsided by fate..Agnes was so weary, her eyes so sore and grainy, that even this soft radiance stung. She almost closed her eyes and gave herself to sleep again, that little brother of Death, which was now her only solace. What she saw in the lamplight, however, compelled her attention..He briefly considered playing dumb, but he knew she was too smart for that. "Gunsmoke, you mean. Listen, I know you'll do whatever's necessary to keep Angel safe, because you love her so much. Love will give.The two men detached and rolled up the pleated green skirt that hung from the rectangular frame of the graveyard winch on which the casket was suspended. Green, rather than black, because Naomi loved nature: Junior had been thoughtful about the details of the service..Shuddering, rubbing furiously at himself, he stumbled into the bathroom. In the mirror, he confronted a face he hardly recognized: swollen, lumpy peppered with red hives..Two teenage boys and one elderly woman scrambled across the sidewalk, grabbing at the ringing rain of quarters. They caught some, but others bounced and twirled through their grasping fingers, rolling-spinning away into the gutter..For the first time since walking to La Jolla to meet Jonas Salk, Paul planned a journey with a specific purpose..Since discovering the quarter in his cheeseburger, Junior had been half convinced that the maniac cop survived the bludgeoning. In spite of his grievous wounds, perhaps Vanadium had swum up through a hundred feet of murky water, barely avoiding being drowned..That night, in Barty's room, after Agnes had listened to his prayers and then had tucked him in for the night, she sat on the edge of his bed. "Honey, I was wondering.... Now that you've had more time to think, could you explain to me what happened?".Maria's belief in the efficacy of this ritual was not as strong as her faith in the Church, but nearly so. As she leaned over the votive glass, watching the final fragment dissolve into ashes, she felt a terrible weight lifting from her.. "Most tornadoes stay on the ground twenty miles or less," Edom explained, "but this one kept its funnel to the earth for two hundred nineteen miles! And it was one mile wide. Everything in its path--torn, smashed to bits. Houses, factories, churches, schools--all pulverized. Murphysboro, Illinois, was wiped off the map, erased, hundreds killed in that one town..".At eight o'clock in the evening, Junior parked two blocks past the target house. He walked back to the Prosser residence, gloved hands in the pockets of his raincoat, collar turned up.
