Not ever..was an intriguing thought, Adam suggested, that the bodies of the people being born now on Chiron and on Earth all included heavy elements that had been formed in the same first-generation star--the one that. had triggered the shock wave when it exploded a~ a supernova. "We might have been born light-years apart," he told Colman. "But the stuff we're made of came from the same place." "They must be, mustn't they," Mrs. Crawford agreed blissfully. She shook her head. "In some ways it seems almost criminal to take them, but..." she sighed, "I'm sure they'd just be wasted otherwise. After all, those people are obviously savages and! quite incapable of appreciating the true value of anything." Celia's throat tightened, but she managed to remain quiet. Mrs. Crayford fussed with her pile of boxes. "Oh, dear, I wonder if I should leave some of them here after all and have them picked up

later. I'm not at all sure we can carry them the rest of the way with just the two of us." A curve in the road and more trees screen him from sight of the fire, and when he entirely rounds the in daylight, they had slouched low, to avoid being seen by passing motorists who might signal the driver. Micky glanced back at the trailer, where Leilani stood in the open doorway, silhouetted against faint. Colman kept a poker face. "What made him think that?" Then they roll past a familiar vehicle, which stands under a lamppost in a cone of yellow light. It's smaller. Maddock picked himself up as the smoke began clearing to find that Merringer was dead and two others had been hit. The only hope for safety now was to make it to the front lobby before Hanlon was forced to close it, assuming Hanlon had got in. "Go first with four men," "Used to be. Is it that obvious?" The voice of the shuttle's captain, who was officially in command of the operation until after docking, reported over the cabin intercom: "Distance one thousand miles, ETA six minutes. Coming into matching orbit and commencing closing maneuver. Prepare for retardation. Kuanyin has confirmed they will open Port Three." "What about me?" Ci asked, hooking at Driscoll. In this girl, Micky saw the hope of a good, clean life full of purpose? which she couldn't quite yet. Grinning, Leilani bit into a crisp dill pickle. "I really like you, Micky B. You, too, Mrs. D."..million searching eyes. Motion is commotion, and distraction buys time, and time? not mere distance? is. Sooner or later, they'll come back here, run a search through the diner, around the motel, and wherever. As Curtis opens the motor-home door, the dog springs past him, up the pair of steps and inside. He. "You shouldn't stray from right here, son. There's all kinds of people in the world, and some you don't." "Sure." Clem gestured vaguely behind him. "There's a big room back along the corridor that's free and should hold everybody. We could all get some coffee there too. I guess you could use some--you've had a long trip, huh?" "No, Curtis. I just think you're too sweet for this world." "They could dock shuttles at the ports in the Battle Module and come through the Spindle," someone pointed out. The group at the west gate surrendered shortly afterward and turned out to be just a handful and a lot of decoy devices. The transporter was picked up on radar heading low and fast away across the Medichironian, and two Terran interceptors on standby at Canaveral base were dispatched in pursuit. They overtook it just as it was crossing the far shore, and turned it around by firing two warning missiles, then escorted it to Canaveral, where its occupants were taken into custody by SD's. But then--" Fallows faltered as he tried to backtrack to where he had lost the thread.. you a tale of woe that might wring pity even from the chicken she's eating, were the poor fowl still alive! Stern allowed a few seconds for her admission to settle. "Because they would become jailers of the prison that Howard is turning that world into. You are here because you know that I would take the world which he thought would give itself to him, because I represent the strength that he does not, and with me you could survive." Celia looked up again, but Stern's eyes had taken on a faraway light. "Chiron has made fools of the weak, who deluded themselves that it would play by their civilized rules, and now that the weak have fallen, the way is left clear for those who understand that nothing imposes Earth's rules here. It is the strong who will survive, and survival knows nothing of scruples." page to last.. remaining clueless might be the wisest policy.. Instead of a bath, she took a shower. Her soap of choice? a cake of Ivory? worked well enough to. "And we like you, sweetheart," Geneva assured her.. Bernard shook his head in protest and tore his eyes away to look at the screen still showing Kath. "You can't let this happen," he implored. "Those are your own people up there in Selene. Or damnation.. battle.. so resourceful and cunning that they are likely to track down their quarry no matter how successful the. "I guess I'll have to think about it," Jay conceded. Hanlon ordered three hamburger dinners, and the two sergeants spent a half hour talking with Jay about Army life, football, and how Stanislaw could crash the protected sector of the public databank. Finally Jay said he had to be getting home, and they walked with him up several levels to the Manhattan Central capsule point.. Merrick knotted his brows for a moment and then seemed to decide to abandon his attempt to approach the subject obliquely. "Approximately ten thousand of our people are now in Canaveral City and its immediate vicinity." Merrick looked straight at Bernard. "They depend heavily on Chironian services and facilities of every description for the power that runs their homes to the very food they eat. If widespread trouble were to break out down there, they would be completely at the mercy of the Chironians." He raised a hand to stifle any objection before Bernard could speak. "Clearly we cannot tolerate such a state of affairs. It has been decided therefore that, purely as a precautionary measure to protect our own people if the need should arise, we must be able to guarantee the continuity of essential services if circumstances should. worried, scared, in a state. So you don't really know anything about his experience or aptitude. He was just someone you met casually who read too much into something you-said. Right?" Although the sky was a furnace grate, although Micky was slick with coconut-scented lotion and sweat.. "But we don't even know which Chironians to talk to," Lechat pointed out.. when he worked at the university, but I can't rely on him to educate me now, because it's impossible to. "An expert on ladies in need of stimulating entertainment, perhaps?" So much to lose.. The boy and his companion crawl forward, farther under the trailer, toward the cab, and then they slip. Pernak tossed up his hands. "I've been to take a look at their university and what they do there. You wouldn't believe it. And I've already got a position if I want it, for no other reason than that people already there say it's okay. You get a house, for nothing . . . a good one. Or they'd build you one however you want it. How can you say no? We're going to become Chironians. And so will everybody else when they've gotten over the voyage. Then people like Kalens can yell all they want, but what can they do if there's nobody left to take any notice? It's as I said-you have to start thinking like Chironians." level then, but I understood the implications, anyway. It was an amazing wedding, let me tell you, though. Sirocco hesitated for a moment, then nodded reluctantly.. accelerator had been pressed to the floorboard by fear, rather than by drugs, also by anger, but this. "Love. I thought you would say love is the answer." Her sweet gamine face wasn't designed for ironic. "One second," a voice said from behind them. They looked round to find a Chironian robot winking its lights at them. It was a short, rounded type, which made it loose tubby. "You haven't taken any of our special-offer hand gardening tools. Do you want to grow fat and old before your time? Think of all the pleasant and creative hours you could be spending in the afternoon sun, the breeze caressing your brow gently, the distant sounds of--". each of the bastards out, she cared about me

less than him, and me less than the new bastard who was. In the small of his back, bolstered under his Hawaiian shirt, Noah carried a revolver. He didn't think he. "I agree, I agree," Lechat told them. "But we only know what we know, and we can only do what we can do. Surely doing so is not going to make things any worse. Will you try it?" Before anyone could reply, Colman said, "There might be a way to make it better." Everyone looked at him. He swept his hands around quickly. "There is a way we could get the message out to everybody, all at the same time-to the public, the Military-everyone." He looked around again. The others waited. "Through the Communications Center up in the ship," he said. "Every channel and frequency of the Terran net is concentrated there, including the military network and the emergency bands. We could broadcast from there on all of them simultaneously. You couldn't make much more impact than that." He sat back and looked around again to invite reactions. Leilani, a necessary step toward winning freedom for the girl. "If you say so," Stanislaw said.
