What he learned working with his father and uncle in the shipyard he could use, at least; and he was becoming a good craftsman, even his father would admit that..Her hands were slender, long-fingered, graceful. The hands of an artist. They were not powerful hands..Now that Tom knew what to look for, the gloom couldn't conceal the incredible truth..As the bitch began her backswing, Junior grabbed the chair. He didn't try to tear it out of her hands, but used it to shove her as hard as he could..nonetheless. The rapist's curse. Healthy, but healthy at the expense of Phimie..The wink startled and baffled Edom. Oddly, he thought of the mysterious, disembodied, and eternally unwinking eye in the floating pinnacle of the pyramid that was on the back of any one-dollar bill.. "It's just that you never know what anyone's hand has been up to recently," Jacob explained. "That respectable banker down the street might have thirty dismembered women buried in his backyard. The nice church-going lady next door might be sleeping in the same bed with the rotting corpse of a lover who tried to jilt her, and for a hobby she makes jewelry from the finger bones of preschool children she's tortured and murdered." "Sometimes it's sad here, Mommy. But it's not sad every place you are. Lots of places, Daddy's with you and me, and we're happier, and everything's okay." After examining Barty, Dr. Schurr sent them to the hospital for further tests. There they spent the rest of the day, except for an hour break during which they ate lunch in a burger joint..Edom removed two of the pies from the table and put them on the counter near the ovens..Now he shuffled the first of the four decks precisely as he had shuffled the first deck on Friday evening, and he set it aside..Junior kept a file on each man, nevertheless, in case instinct later told him that one of them was, in fact, his mortal enemy. He could have killed all of them, just to be safe, but a multitude of dead Bartholomews, even spread over several jurisdictions, would sooner or later attract too much police attention..As before, the name tolled through him like the ominous note of the deepest bass bell in a cathedral carillon, struck on a cold midnight..Parkhurst said, "We've eliminated most other possible causes. You don't have acute myelitis or meningitis. Or anemia of the brain. No concussion. You don't have other symptoms of Meniere's disease. Tomorrow, we'll conduct some tests for possible brain tumor or lesion, but I'm confident that's not the explanation, either." Sliding one hand lightly along the railing, the boy quickly descended the short flight of steps and walked onto the soggy lawn, into the rain..Griskin, a former convict, had served eleven years for second-degree murder before the lobbying efforts of a coalition of artists and writers had won his parole. He possessed a huge talent. No one before Griskin had ever managed to express this degree of violence an rage in the medium of bronze, and Junior had long kept the artist's work on his short list of desired acquisitions..His first overnight journey, in June of '65, was to La Jolla, north of San Diego. He carried too large a backpack and wore khaki pants when he should have worn shorts in the summer heat..Happiness could grow out of unspeakable tragedy with such vigor that it produced dazzling blooms and lush green bracts. This insight served, for Celestina, as a primary inspiration for her painting and as proof of the grace granted in this world that we might perceive and be sustained by the promise of an ultimate joy to come..Fortunately, the chill fog didn't bum away from the Mercedes, considering that it facilitated the stalking of Celestina. The mist swaddled the white Buick in which she rode, increasing the chances that Junior might lose track of her, but it also cloaked the Mercedes and all but ensured that she and her friend wouldn't realize that the pair of headlights behind them were always those of the same vehicle..Bartholomew didn't merely have something to do with babies. Bartholomew was a baby..He heard her explain that the title of the exhibition had been inspired by one of her father's sermons, which aired on a nationally syndicated weekly radio program more than three years ago. This wasn't a religious program, per se, but rather one concerned with a search for meaning in life; it usually broadcast interviews with contemporary philosophers as well as speeches by them, but from time to time featured a clergyman. Her father's sermon received the greatest response from listeners of anything aired on the program in twenty years, and three weeks later, it was rerun by popular demand..Incredibly, the thief left behind the most valuable items: the collection of hardcover first editions of Caesar Zedd's complete body of work. The box stood open, its contents having been explored in haste, but not a single volume was missing..As he said cards, the magician turned a knowing look toward Edom, eliciting from him a responding frown of puzzlement..The can struck Junior hard in the face, breaking his nose, before he could duck.."We've mapped three routes to the top," Angel said, "and each offers different challenges. Barty's eventually going to climb all of them, but he's starting with the hardest." By lunch, he had turned the final page, and he was so full of the tale that he seemed to have no room for food. While his mother kept reminding him to eat, he regaled her with the details of John Thomas Stuart's great adventures with LummoX, as though every word that Heinlein had written were not science fiction, but truth..A surprising number of the women who had been his lovers were recreational drug users, and over the past couple years, he had met several dealers who supplied them. From the least savory of these, he purchased five thousand dollars' worth of cocaine and LSD to establish his credibility, after which he inquired about forged documents..His first word after mama was papa, which she taught him while showing him pictures of Joey. His third word: pie.."Tom, a couple minutes ago," Agnes said, "Celestina mentioned your. . . 'certain awareness.' Which is what exactly?" "Imagine me thinking you'd be gone," she said to Barty. "Your old mum is losing it. I never made a deal with Rumpelstiltskin, so there's nothing for him to collect." For a long time, she sat alone in the dark living room, in the armchair that had been Joey's favorite, thinking about many things but returning often to the memory of Barty's dry walk in wet weather..This morning, as Barty stood to one side listening, his mother asked Maria for poems by Emily Dickinson..A s?ance was what it appeared to be at first. Eight people were gathered around the dining-room table, which stood utterly bare. No food, no drinks, no centerpiece. They all exhibited that shiny-faced look of people nervously awaiting the revelations of a spirit medium: part trepidation, part soaring hope..To achieve certain narrative effects, I've fiddled slightly with the floor plan and the interior design of St. Mary's Hospital in San Francisco. In this story, the characters who work at St. Mary's are fictional and are not modeled after anyone on the staff of that excellent institution, either past or present..Speaking of bosoms, everywhere in the loft were braless girls in sweaters and miniskirts, braless girls in T-shirts and miniskirts, braless girls in silk-lined rawhide vests and jeans, braless girls in tie-dyed sash tops, with bared midriiffs, and calypso pants. Lots of guys moved through the crowd, too, but Junior barely noticed them..Agnes pulled the stack of cards in front of her. She discarded the first two, as Maria would have done, and turned over the third..Junior's throat wasn't half as sore as it had been the previous afternoon, and to these men, his

soft, coarse voice must have sounded not abraded, but raw with emotion. "I don't care what's customary. I don't want anything. I don't blame anyone. These things happen. If you have a liability release with you, I'll sign it right now." to believe that any man with such a hard gut slung over his belt, with a bull neck. She was so hot that the ice melted quickly. A thin trickle slid down her throat, but not enough to take the Sahara out of her voice when she said, "More." around an anemone's mouth, poised to snare, lazily but relentlessly, any passing prize. Judging by the evidence, the nurse was home alone, but Junior raised his voice above the music and called out, "Hello? Is anyone here?" The Rolex. Because most of the trash in the huge bin was bagged, finding the watch would be easier than Junior had feared. "It was... the only dream that mattered," Joey said. "You ... loving me. It was a good life because of you." Drawn one after the other, two knaves of spades didn't signify two deadly enemies, but meant that the enemy already predicted by the first would be unusually powerful, exceptionally dangerous. Airborne, Phimie complained of ringing in her ears, which might have been related to the flight. She also suffered an episode of double vision and, in the airport after landing, a nosebleed, which appeared to be related to her previous symptoms. Shadows still perched throughout most of the room. They no longer reminded her of roosting birds, but of a featherless flock, leathery of wing and red of eye, with a taste for unspeakable feasts. Junior realized that thick drool oozed out of the right corner of his mouth. Shakily, he raised one hand to wipe his face. The kids insisted on knowing what was meant by the line about the chicken, and this led to the laying of a coopful of Why-did-the chicken-cross-the-road jokes, which Edom and Jacob had memorized in childhood as an act of rebellion against their humorless father. "so she's married," Junior said, figuring that maybe Celestina wasn't his heart mate, after all. Sweaty, chilled, trembling, weak-kneed, watery-eyed with self-pity, Junior spread a plastic garbage bag on the driver's seat. He got in the Suburban, twisted the key in the ignition, and groaned as the engine vibrations threatened to undo him. Beautiful she was, both of face and form, even with her mouth gaping wide and her eyes rolled back in her skull. How bright her future might have been if she had not chosen to deceive. A tease was, in essence, a deceiver-promising what she never intended to deliver. The runt was so out of proportion to his office furniture that he appeared to be a bug perched in the giant leather executive chair, which itself looked like the maw of a Venus's-flytrap about to swallow him for lunch. He allowed such a lengthy silence to follow Junior's question that by the time he answered, his reply was superfluous. Missing windshield. Considering that the space was pinched by the crumpled roof, however, and in light of Agnes's pregnancy and imminent second-stage labor, the severe contortions involved in this extraction would be too dangerous. Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life-and fully understanding the implications of this knowledge-takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks. With a sigh, Obadiah differed: "Not clever. Crude. Before my hands became these great-knuckled lumps, I could have dazzled you." "I got to admit," Nolly said, "I'm surprised these little pranks have rattled him so deeply." Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall. At home again, in the safety of the family, Barty collapsed in exhaustion from the sustained effort to see with eyes that he didn't possess. Abed for ten days, feverish, afflicted with vertigo and migraine headaches, nauseated, he lost eight pounds before his recovery was complete. He nodded. "You do. Yes. But you don't need to know right now. Later, when you're calmer, when you're clearer. It's too important to rush you through it now." Friday, December 29, was a grand day: cool but not cold; high scattered clouds ornamenting a Wedgwood-blue sky. The streets were agreeably abustle but not swarming like the corridors of a hive, as sometimes they could be. San Franciscans, reliably a pleasant lot, were still in a holiday mood and, therefore, even quicker to smile and more courteous than usual. This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings. "Then you only have to wait eighteen years," he said, opening the apartment door and stepping aside once more, allowing Celestina to precede him. "Mrs. Lampion, in a case like this, I've found that the greatest mercy is directness. Your son has retinoblastoma. A malignancy of the retina." In the kitchen again, Junior spread the blanket on the floor, to one side of the blood. He rolled Vanadium onto the blanket, and drew the ends of it together, fashioning a sled with which to drag the detective out of the house. He found the strength to squeeze her hand tighter than before. "Be safe. Keep Angel safe." If Junior were weak-minded enough to succumb to madness, this was the moment when he should have fallen into an abyss of insanity. He heard an internal cracking, felt a terrible splintering in his mind, but he held himself together with sheer willpower, remembering to breathe slowly and deeply. In a magazine article about the hero, passing mention was made of a restaurant where occasionally the great man ate breakfast. "Sitters. Friends, relatives of friends. People I can trust. I can afford sitters if I'm getting only dinner tips." He'd acted boldly, recklessly, without scoping the territory to be sure Prosser was alone. The accountant lived by himself, but a visitor might be present. Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied. Handing Angel to Grace, Lipscomb said, "I own some investment properties. There's a two-bedroom unit available in one of them." Junior didn't care which explanation was correct. Only one thing mattered: The Bartholomew hunt was at last nearing an end. On Wednesday, December 27, Junior met Google, the document forger, in a theater, during a matinee of Bonnie and Clyde. Worse, the vengeful and vicious bitch-or bastard, whatever-evidently had made up vile stories about him, which on a slow evening she'd shared with Neddy, with the bartender, with anyone who would listen. The staff of the lounge believed Junior was a dangerous sadist, No doubt she had concocted other lurid stories, as well, charging him with everything from a degenerate interest in bodily wastes to the selfmutilation of his genitalia. Their apartment was in a four-story Victorian house that dripped gingerbread, in the exclusive Pacific Heights district. It had been converted to apartments with deep respect for the architecture, years before Wally bought it. Eventually she discovered within herself all the light that she needed to find her way through the crucial hours immediately ahead. At last she knew what she must do, but she was not certain that she possessed the fortitude to do it. "You know Mommy," Barty said, almost desperately sponging up the sight of his little girl's face and wringing the images into his memory to sustain him in the next long darkness. Swinging toward the open door, he saw that the dead detective was true to his word: He wasn't here. IN GOOD DARK SUITS, clean-shaven, as polished as their shoes, carrying valises, the three arrived in Junior's hospital room even before the usual start of the working day, wise men without camels, not bearing gifts, but willing to pay a price for grief and loss. Two lawyers and a high-level political appointee, they represented the state, the county, and the insurance company in the matter of the improperly maintained railing on the observation platform at the fire tower. During the drive, he alternated between great gales of delighted laughter and

racking sobs wrought by pain and self-pity. The voodoo Baptist was dead, the curse broken with the death of he who had cast it. Yet Junior must endure this final devastating plague..The two women stared at each other, and at last Celestina said, "Good Lord, what's happening here?".The rain was colder than it had been earlier, almost as icy as sleet. Or perhaps she was far hotter than before and felt the chill more keenly on her fevered skin. Each droplet seemed to hiss against her face, to sizzle against her hands, with which she tightly gripped her swollen abdomen as if she could deny Death the baby that it had come to collect..Otter stated it as an unfortunate fact, not as a moral assertion. Hound looked at him with appreciation. Living with the pirate king, he was sick of boasts and threats, of boasters and threateners..Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist-yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others-Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it."
